

EDSB & G&H: CELEBRATING OVER A DECADE OF PARTNERSHIP

G&H

For more than 10 years, EDSB and G&H have built a partnership founded on trust, collaboration and shared values. In the past 12 months alone, EDSB has proudly completed over £2 million worth of installation work for G&H - a reflection of the strength and scale of our relationship.

Supporting Causes that Matter

We were delighted to support G&H's **Annual Charity Bash**, raising money for Dementia UK and the Pudsey Community Project. The event brought colleagues, clients and friends together for an evening of fun and fundraising, featuring shuffleboard, darts and table football.

Funds raised went towards two incredible causes - Dementia UK and the Pudsey Community Project. We were delighted to contribute to the event, standing alongside G&H as both a trusted partner and a proud supporter of their charitable efforts.

A Day of Friendly Competition

EDSB organised a two day golf event Close House, inviting representatives to connect in a more relaxed setting. The day brought together team members from G&H, EDSB and Morgan Sindall, offering a great opportunity to enjoy some friendly competition on the course!

"I just want to say a massive thanks for the two days at Close House. Brilliant golf, fantastic food and even better company." Commented **Rob Woodward, G&H's Senior Contracts Manager**.

After more than a decade of success together, EDSB and G&H remain committed to continuing our partnership, delivering quality and innovation for years to come.
