

# EDSB SUPPORTS GETAWAY GIRLS: A Night at Matilda

## Creating lasting Experiences

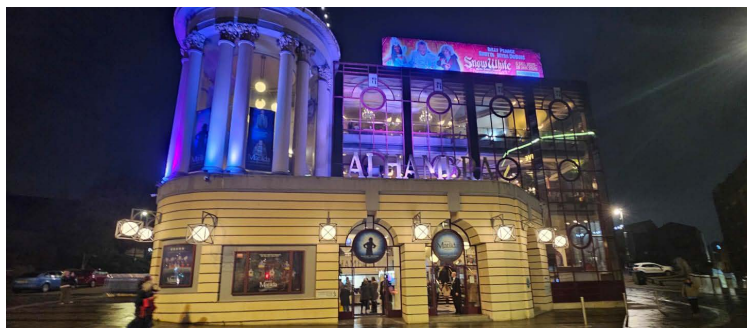

EDSB Compliance Solutions are proud to continue our long-standing support for **Getaway Girls**, a Leeds-based charity dedicated to empowering and inspiring young women. Over the years, our partnership has enabled us to contribute to a number of meaningful initiatives that help remove barriers, build confidence and create opportunities.

Our support began with helping young women stay connected by funding SIM cards, ensuring that girls facing challenging circumstances could maintain essential contact with support services, friends and family. This simple resource has made a significant difference, giving many young women the ability to stay safe, informed and supported throughout their daily lives.

This year, we funded a special trip for the group to experience **Matilda the Musical**, a production that perfectly captures themes of courage, creativity and believing in yourself.

For many of the girls, it was their first ever visit to a live theatre performance and the excitement and joy were clear from the moment they arrived. The show created memories that will last a lifetime!

### Flavia Doherty, Getaway Girls' CEO:

*"Matilda was amazing. The girls loved it. Some of the girls had never been to the theatre before and they were cheering at the end, singing Matilda songs all the way home. Thank you EDSB for sponsoring the trip. We really appreciate it!"*

We are incredibly proud to have helped create such a memorable day for these young women. If you would like to support this fantastic charity, you can visit their website [getawaygirls.co.uk](https://getawaygirls.co.uk) to donate, volunteer or find out how to get involved.
