

SUPPORTING GRASSROOTS SPORTS

AFC Titans U10's, Stoke-on-Trent

When the nephew of EDSB's Fleet Manager, Eddie Forrester, approached us about sponsoring the AFC Titans U10's team, we were more than happy to support. Formed in 2023, the AFC Titans are a group of young, passionate footballers based in Stoke-On-Trent. Like many teams, the first season was a learning curve - playing more like individuals than a team. However with determination, they grew stronger in their second season, showing real progress on and off the pitch.

Dayne Napier and Philip Day have taken on the challenge of leading the team forward. Their focus is on improving the boys' skills, rebuilding their confidence and reigniting the boys' love for the game. With several summer and winter tournaments ahead, as well as weekly matches in the Crewe District League, their future looks bright!

Dayne and Philip have high expectations for the upcoming seasons. Their main priority is to bring back the love and hunger for football that the boys may have lost and with EDSB's support, they are sure to thrive.

Here is what Team Managers, Dayne Napier & Philip Day, had to say:

"EDSB's sponsorship is so important, because it will help to drive positive change. Your backing not only provides essential equipment for training, but also kit for the boys. It will inspire confidence and visibility for the team, helping us to reach our goals more effectively. The boys' confidence needs to grow and we feel 'looking the part' and having a good standard of training resources/equipment will play a massive part in that."

We're grateful to have had the opportunity to help strengthen both the club and the confidence of its players. We wish the AFC Titans the very best for an exciting and successful season ahead!
